

# Updating Program Objectives: Chemical Engineering Program

*Department of Chemical and Biological Engineering  
Montana State University - Bozeman*

## Process

February 2007

- CHBE Ambassadors (students) and DAC members (alumni and employers) were asked to propose a set of Program Objectives. They were asked to start from scratch, not update the existing objectives.
- CHBE Department Head edited the proposed objectives for clarity and consistency, and presented a set of proposed Program Objectives to the DAC and CHBE faculty for their review
- DAC members approved the new Program Objectives.

March 2007

- The new Program Objectives were presented to an open meeting of CHBE students (scholarship awards ceremony) and approved.
- CHBE Faculty approved the new Program Objectives.
