

Pre-Approved¹ Bioengineering Electives for Biological Engineering

(NOTE: Technical Electives ≠ Engineering Electives ≠ Bioengineering Electives)²

Updated: November 2012

Course #	Title	Offered	Credits	Prereqs
BCH 441	Biochemistry of Macromolecules	[F]	3	BCH 380
BIOB 256	Intro Biol: Cells to Organisms	[S]	4	BIOH 185, STAT 216 and CHMY 141
BIOB 260	Cell and Molecular Biology	[F]	4	STAT 216, CHMY 141, BIOB 256, and CHMY 143
BIOB 410	Immunology	[F]	3	Co-Req CHMY 211 or CHMY 321
BIOB 411	Immunology Lab	[F]		BIOB 410 (may be taken as co-req)
BIOB 425	Advanced Cell & Molecular Biology	[S]	3	BIOB 260 and BCH 380
BIOB 430	Plant Biotechnology	[S]	3	BCH 380
BIOB 475	Genome Science	[S]	3	BCH 380
BIOB 476R	Gene Construction	[F]	3	BCH 380
BIOB 478	Functional Gene Expression	[S]	2	BCH 380
BIOE 370	Principles of Ecology	[S]	3	BIOB 170
BIOE 428	Freshwater Ecology	[F]	3	BIOE 370
BIOH 201	Anatomy & Physiology I	[S, Su]	5	CHMY 121, CHMY 141 or CHMY 151
BIOH 211	Anatomy and Physiology II	[F]	4	BIOH 201, BIOB 260, or BIOM 360
BIOH 287	Intermediate Human Physiology I	[S]	3	CHMY 121, CHMY 141 or CHMY 151
BIOH 288	Intermediate Human Physiology II	[F]	3	BIOH 201, BIOB 260, BIOH 287 or BIOM 360
BIOH 313	Neurophysiology	[F]	3	BIOB 256 and BIOB 260
BIOH 320	Biomedical Genetics	[F]	3	BIOB 214, Co-req BCH 380
BIOH 323	Human Development Biology	[S]	4	BIOB 170 or BIOB 258 and or BIOB 260 and BIOB 375
BIOH 411	Advanced Human Anatomy	[S]	4	Senior standing, 2 upper division biological science courses, or consent of inst.
BIOH 425	Sensory Neurophysiology	[S]	3	BIOH 313
BIOH 430	Neuroethology	On demand	3	Consent of inst.
BIOH 435	Cognitive Neuroscience	[S]	3	BIOH 313 and BCH 380, and BIOH 211, PSYZ 350 or BIOO 412
BIOH 440	Neuroscience of Mental Illness	[F]	3	BIOH 313 or BIOH 435
BIOH 455	Molecular Medicine	[S]	3	BIOB 375, BCH 380
BIOL 395	Human Pathophysiology	[S]	??	BCH 380 or consent
BIOM 410	Microbial Genetics	[S]	3	MB 301, BCHM 340
BIOM 415	Microbial Diversity, Ecology & Evolution	[S]	3	BCH 380, BIOM 360,

Note 1: Other courses may be allowed for bioengineering elective credit, but you should get any course you are considering approved prior to enrolling. **See your advisor about approving potential technical elective courses.**

Only courses with significant biological content will be approved.

				BIOM 360
BIOM 431	Medical Bacteriology	[S]	3	BIOM 360
BIOM 450	Microbial Physiology	[F]	3	BIOM 360, BCH 380
BIOM 450	Microbial Physiology	[F]	3	BCH 380, BIOM 360
BIOO 412	Animal Physiology	[F]	3	BIOB 160 or BIOB 260 and CHMY 211, CHMY 321
EENV 434	Ground Water Supply & Remediation	[S]	3	EGEN 335
EENV 441	Natural Treatment Systems	[S]	3	EENV 340
HDFN 451R	Sustainable Food Systems	[S]	3	HDFN 221 or consent
LRES 452	Soil & Environmental Microbiology	[S]	3	CHMY 143, LRES 201, BIOM 360
LRES 453	Soil & Environmental Physics	[F odd]	3	LRES 201 rec, M 170
LRES 460	Soil Remediation	[S]	3	LRES 201 or consent
PSPP 423	Mycology	[F even}	3	BIOB 170
PSPP 424	Ecology of Fungi	[F odd]	3	BIOB170 and BIOB 256
PSPP 426	Plant Biotechnology	[S]	3	BCH 380
